

COMMUNITY PRAYER

Dear God, you have said that the prayer of the righteous avails much. We certainly are not righteous of our own accord, but through Christ's blood we have been made righteous in your sight. Father, we claim that promise and trust you to do what's best. Our city is a Christian community that tries to follow your commandments and live in your ways. We strive to help each other, in good or bad times, as we would ourselves, family and neighbors.

Dear God, the Corona virus pandemic has increased anxiety in many people and many just don't know what to do. Your word invites us to pray to you and you will deliver us in times of trouble. Please accept this prayer toward that end. We know your word tells us to put our trust in you and not worry. Help us to do just that.

Father, we pray for our city and county as well as all those threatened by this pandemic. We know that many may be in danger of being without employment and lack of income. Please help us in that as well and help us to be mindful of all around us.

Father, we pray for our doctors and emergency personnel that they may be unaffected and able to do their duties. We pray for those in authority who make decisions that affect many people. Give them the wisdom to do what is prudent and necessary.

And lastly God, we thank you for your Son who gave his life as a ransom for us, and it is in his name we pray,

Amen
